WELCOME HOME

Catholic Health System
Home Care
Medical excellence with a tradition of caring.

McAuley Seton Home Care provides quality short-term nursing and therapy services to patients in the comfort and privacy of their own homes. Our skilled and experienced staff deliver a wide range of professional and support services to assist patients in achieving their highest level of independence, thereby improving their quality of life.

Patients may receive any combination of services required to meet their individual needs. The appropriate type and amount of service provided is tailored to each individual, and is determined collaboratively by the patient, physician and McAuley Seton's professional health care team. McAuley Seton professionals specialize in a variety of in-home services including:

NURSING CARE

- ◆ Comprehensive RN Assessment
- ◆ Screening for nursing home placement
- ◆ Wound Care Management
- ◆ Diabetes management and education
- ◆ Administration of injected medications
- ◆ Maternal Child Care
- ◆ Lactation Consulting
- ... and more

INFUSION THERAPY CARE

- ◆ Chemotherapy
- ◆ Antibiotic Therapy
- ◆ Total Parenteral Nutrition
- ◆ Regional Pain Management
- ◆ General Pain Management
- ◆ Hydration
- ◆ Steroid Therapy
- ◆ PICC Certified Insertions
 - ◆ Home
 - ◆ Hospital
 - ◆ Physician Office
- ◆ Managing Central Lines

CARDIOPULMONARY

The goal of the cardiopulmonary team is to effectively manage the care of patients with cardiac and pulmonary diseases at home. The Cardiopulmonary Team works in conjunction with a patient's primary physician to manage clinical challenges related to the disease, avoiding emergency room treatment and possible hospitalization. With the use of our Congestive Heart Failure Telemanagement Program, daily monitoring of key vital signs can continue for up to 12 months after home care discharge.

REHABILITATION

Our team of highly qualified rehabilitation specialists work to address the unique needs of each individual patient with a common goal of improving independence in the home. Our therapists provide a comprehensive assessment to identify deficits that may exist and address them using the latest evidence based care practices to promote independence and safety. Interventions may include gait and transfer training, general strengthening and mobility,

bathing, or dressing for patients with any number of orthopedic, musculoskeletal, neurologic, cardiac, or vestibular disorders.

This may include:

- ◆ Physical Therapy
- ◆ Occupational Therapy
- ◆ Social Work
- ◆ Speech-Language Pathology
- ◆ Registered Dietitians
- ◆ Fall Prevention Program

SPIRITUAL CARE

There is an important part of healing that goes beyond physical care. Spiritual care addresses emotional and religious needs of individuals, regardless of faith. Our experienced and trained spiritual care team is available to make home visits for patients and their families. Spiritual counseling and bereavement support care is offered free of charge and on a one-to-one basis in a caring and confidential manner.

McAuley Seton Home Care is a certified home health agency which meets the requirements of the New York State Department of Health and the Federal Conditions of Participation.
