TITLE: Uninsured Expected Payment and Healthcare Assistance Policy	**POLICY NUMBER:** CHS-RMC-03	**PAGE #** 1 of 6
RESPONSIBLE DEPARTMENT: Finance	**POLICY LEVEL:** CHS	**EFFECTIVE DATE:** 5/1/2022
PREPARED BY: Craig Chase, Vice-President Patient and Resident Financial Services	**APPROVED BY:** Lisa Cilano, Senior Vice-President, Finance Bart Rodrigues, Senior Vice-President, Chief Mission Officer, CHS Corporate Leonardo Sette-Camara 3/11/22 Operational Policy Council 12/14/15	**MSMH:** 5/1/2022
This document is not intended to create, nor is it to be construed to constitute a contract between CHS and any of its Associates for either employment or the provision of any benefit. This policy supersedes any policy previous to this policy for any CHS organizations and any descriptions of such policies in any handbook of such organization. Personnel failing to comply with this policy may be subject to disciplinary action up to and including termination.		

PURPOSE: Based on our mission, Catholic Health is committed to providing health care services to all patients based on medical necessity. However, we also recognize the need to provide financial assistance to those who find it difficult to manage the expenses incurred when receiving medical services at our facilities. The purpose of this policy is to define the Healthcare Assistance Program (HAP) and establish the necessary guidelines and criteria for eligibility.

APPLIES TO: Catholic Health extends discounts to uninsured and underinsured patients who receive medically necessary services. While Catholic Health primarily serves the five counties of Western New York, all patients who reside in New York State, contiguous states, or the state of Ohio, and whose household income is equal to or less than 400% of the most recent Federal Poverty Guidelines (as outlined in Attachment C) are eligible to apply. In addition, patients who reside outside of NYS, and Catholic Health is not a Medicaid provider in the state the patient resides, may apply. All other patients will be reviewed at the discretion of Catholic Health.

POLICY: The Healthcare Assistance Program, implemented in accordance with all applicable New York State and Federal laws, rules and regulations, considers a patient's ability to contribute to their healthcare costs and places no undue burden on the patient or the patient's family. Patients will be provided information and counseling regarding alternative programs or services within their community, in conformance with all applicable New York State and federal laws such as EMTALA. Catholic Health will make reasonable efforts to explain the benefits of Medicaid and other available public and private coverage programs to patients and assist them with the application process. A patient may apply for Medicaid, other insurances, and/or financial assistance at the same time, and may also be screened for presumptive eligibility as described below.

This policy covers all Catholic Health ministries and medically necessary services with the exception of the following: 1) non-medically necessary elective services, 2) provider services other than Catholic Health primary care provider services, Catholic Health employed providers, and others listed as Cover Providers (see attachment D), 3) sub-acute and skilled nursing long term care services and, 4) convenience items such as television, telephone and requested private room charges.

Only services performed by Catholic Health employed providers are covered by the Healthcare Assistance Program. Services performed by non-employed providers within a Catholic Health facility will not be covered by the program and will be billed separately. Instructions on how to obtain a list of both covered and non-covered providers can be found in Attachment D.

PROCEDURE:

1. General Procedure Expectations: all reimbursement and collection practices engaged in and observed by Catholic Health employees, contractors and agents will reflect Catholic Health's mission, values, and policies; patients on admission are given, and receive, prompt access to charge information for any item or services provided to them upon request; the program will be implemented in a manner consistent with all applicable New York State and Federal laws, rules, and regulations; and patients and their families are advised of Catholic

Health's policies, including the Healthcare Assistance Program and the availability of need-based financial assistance, in easily understood terms and any language commonly spoken by patients in the community.

2. An uninsured patient whose household income is equal to or less than 200% of the current Federal Poverty Guidelines qualifies for a 100% discount. If a patient's household income is greater than 200% and less than or equal to 400% of the current Federal Poverty Guidelines, then the patient qualifies for a partial discount as detailed in Attachment C. In compliance with Section 501(r) of the Internal Revenue Code, eligible patients will not be charged more than "amounts generally billed" ("AGB") to insured individuals. AGB is the average amount Catholic Health would receive from Medicaid for emergency or other medically necessary care. If in the event there is not a Medicaid fee for needed care, the New York State Medicaid fee schedule will be used to determine the uninsured self-pay rate.
3. Catholic Health uses third-party vendor presumptive eligibility tools to assist in determining an uninsured patient's qualification for a discount under the Healthcare Assistance Program. The assessment of a patient's ability to pay is based on a presumptive, objective, good faith determination that will be applied to all uninsured patients in the same manner. All income sources, the cost of living, family size and other financial considerations will be considered.
4. An uninsured individual receiving a discount of less than 100% may complete a Financial Assistance Application. Insured patients are also eligible for discounts under the Financial Assistance Program to offset the cost of coinsurance, deductibles, and other remaining patient balances. Patients interested in the Financial Assistance Program must complete, sign, and date an application form. In addition, the application must include one of the following forms of current income verification: Signed copy of the patient's most recent federal tax return; Copies of their last three pay stubs; Copies of their last three (3) unemployment payment stubs; Copies of their last two Social Security Payment Statements; self-employment business records of earnings and expenses; or a signed and notarized statement verifying no income sources. A copy of the application can be found in Attachment A.
5. The sliding scale for awarding financial assistance discounts for both uninsured and insured patients is outlined in Attachment C.
6. Patients have until the 240th day after the first billing statement to submit an application. Catholic Health will make determinations within 30 days of the receipt of a completed application and supporting documentation as outlined above. Awards will be granted for a period of six months prior and six months after the date of service requested on the Financial Assistance Application. Retro-eligibility may be extended back to 12 months at the discretion of Catholic Health. Patients will be notified of determinations in writing and any payments made in excess of the approved discount will be refunded in a timely manner. If applicable, collection agencies will be notified to cease collection efforts.
7. If an application is incomplete, Catholic Health will provide notice in writing of what additional information is needed. Patients will have 30 days from the date of the letter to comply with the request. If information is not received within the allowed time the case will be considered closed and regular collection efforts will begin.
8. Billing and collection efforts, as outlined in the Billing and Collections Policy CHS-RMC-08, will be suspended once a completed Financial Assistance Application has been received. A patient may disregard any bill from Catholic Health while the pending application is under review. If at any time during the application process it is determined a patient is eligible for Medicaid or other insurance programs, collection efforts will cease and the appropriate payer program will be billed.
9. Related collection practices from the Billing and Collections Policy CHS-RMC-08 are as follows:

    a. An uninsured patient account will not be forwarded to a collection agency if the patient has completed a Healthcare Assistance Program application or appeal and is awaiting response or determination.
    b. The forced sale or foreclosure of an uninsured patient's primary residence, in order to satisfy a patient account, shall be prohibited for all services with the exception of Community Based Care services.
    c. Uninsured patients who are participating in the HAP must be notified at least thirty (30) days before their account is forwarded to a collection agency.
    d. All collection agencies servicing Catholic Health accounts must obtain written consent from the Catholic Health before any legal actions is initiated on any patient account.

e. All collection agencies must agree in writing to follow all Catholic Health Uninsured Expected Payment and Collection Policies and Procedures.
f. Management is accountable to ensure that all collection policies are in accordance with the federal Fair Debt Collection Practices Act and all applicable New York State Law.
g. All collection agencies must provide information to patients on how to apply for Healthcare Assistance or appeal a Healthcare Assistance determination that is below their expectations.

10. All collection agencies are prohibited from making collections from any patient who was eligible for Medicaid at the time services were rendered.
11. Patients with balances remaining after a Healthcare Assistance Program award will be eligible for extended payment terms. Installment payments will be capped at 10% of gross monthly income of the patient's defined household in accordance with New York State Public Health Law.
12. Any and all determinations made under this policy may be appealed by phone or in writing as detailed in Attachment B. All reconsiderations will be made within 30 days of the date of appeal.
13. Information on the Healthcare Assistance Program is posted in key public access areas such as registration areas and Emergency Departments. In addition, the Catholic Health website contains information on how to apply as well as a plain language summary of this entire policy. Information is available in the primary languages spoken throughout the community. Patients are also offered the opportunity to have the material translated by a multi-lingual telephone translation service. All materials and information will be available to patients upon request and found on the website www.chsbuffalo.org/billing-insurance/financial-assistance.
14. Catholic Health associates engaged in making financial assistance determinations will be trained no less than annually and be kept abreast of procedural and, or regulatory changes.

REVIEW LEVEL:
This policy will be reviewed annually to ensure compliance with related state and federal regulations and any changes in Catholic Health's operational methodology or process.
