Critical Care RNs
Sisters of Charity Hospital*

Join our dedicated team of Critical Care Nurses and explore our diverse career options.

*I love to work in the ICU because of the relationships that are built with our patients and families.
I also enjoy critically thinking and using advanced clinical skills to take care of the patients.*

- Jennifer T.

We sincerely believe you will not find a better place to work within the healthcare industry.

As a leader in the transformation of healthcare in our region, Catholic Health focuses on creating a progressive, compassion-filled environment, where the talents of all our associates are valued and where diversity in its many forms is respected. We believe having a diverse workforce is good for our health system whether it be in ethnicity, gender, age, religion, culture, disability, sexual orientation, gender identity, or socioeconomic status.

Tapping into this broad spectrum of diversity enables us to better serve the diverse community in which we live and work. We believe our patients, residents, and families benefit tremendously from a diverse workforce.

Jennifer T., Critical Care RN
Sisters of Charity Hospital

Together with our diverse talents and backgrounds, care is delivered with compassion, respect, excellence, and justice.

Since joining Catholic Health, I have felt amazing clinical support and guidance from the top down; from the physicians, the advanced practice providers, nurses, and my manager. It's a wonderful collaborative environment!

- Matthew B.

Love Nursing During the Most Critical Moments

Critical Care Nursing is a profession where you continue to learn and grow professionally. You will never be bored because healthcare is dynamic and constantly changing based on new research and innovation. Critical Care nurses at Catholic Health collaborate with the healthcare team to deliver the highest quality of care to our patients and families in a holistic approach. We have new graduate RNs who start their career in Critical Care and complete an extensive orientation process. Other nurses transfer from medical-surgical units with the desire to advance their professional nursing skills. We also have nurses who have worked in Critical Care the majority of their career and wouldn't consider another type of nursing. Whatever nursing path you are interested in can always lead to Critical Care at Catholic Health.

Catholic Health offers opportunities for a wide range of nursing careers.

I love working at Mount St. Mary's Hospital critical care because it is a team effort. There is a team concept and you are never alone. ICU nurses are respected by the team and the physicians, they trust that the nurse's input has great value to the total care of the patient.

- Jackie P.

Catholic Health supports the professional growth of our nurses with ongoing training and education.

Not only do we offer tuition assistance for RN to BSN programs, Catholic Health also offers a variety of free clinical educational courses to support your professional career goals. Catholic Health is an approved provider of nursing contact hours (continuing education credits). Programs are developed around specific goals and objectives with content that incorporates the latest clinical and nursing research.

Catholic Health offers Essentials of Critical Care Orientation (ECCO) is for registered nurses who are new to critical care nursing. This course consists of an introduction to the American Association of Critical-Care Nursing (AACN) Essentials of Critical Care Nursing 2.0 (ECCO), a web-based interactive program of critical care modules with additional learning opportunities in the form of didactic lecture, case scenarios, and interactive activities.

Together with our diverse talents and backgrounds, care is delivered with compassion, respect, excellence, and justice.

I've been at Mt. St. Mary's Hospital in the Critical Care unit for 18 years and been with the hospital for 28 years. Love that we are a small hospital and everyone knows everyone. The great thing in critical care is everyone is there to help you with your patients. We are like a family.

- Debbie M.

Nursing at Catholic Health is not just a job, it's a calling.

Whether you prefer to work in hospitals, home care, long term care, primary care, research, or as a nurse administrator, you will not find a better place to work. Our nurses work collaboratively with our healthcare team and the physicians of Catholic Medical Partners in a variety of career paths including:

- Cardiothoracic Unit/Open Heart Unit (OHU)
- Critical Care Unit (CCU)
- Intensive Care Unit (ICU)
- Critical Care Float
- Surgical/Operating Room
- Labor & Delivery/Maternity
- Neonatal Intensive Care Unit (NICU)
- Interventional
- Cardiac Catheterization Lab
- Post Anesthesia Care Unit (PACU)
- Ambulatory Surgery Unit (ASU)
- Medical Procedure Unit (MPU)
- Emergency Department

Catholic Health offers opportunities for a wide range of nursing careers.

The Cardiac Care Unit (CCU) ensures valuable clinical experience and professional growth. I encourage those interested to join the CCU team at Mercy Hospital; a rewarding, supportive environment.

- Joshua G.

Explore Western New York

Residents enjoy the urban lifestyle of Buffalo and Niagara Falls, combined with the small town character of communities nestled into the surrounding countryside. Located on two of the Great Lakes, along with the Niagara River, locals enjoy a variety of waterfront activities from beaches and boating to ice fishing.

Buffalo offers a thriving economy with a moderate cost of living. Housing costs in Western New York are among the lowest in the Northeast with a broad selection of affordable houses. Locals enjoy the many neighborhood parks and nature preserves with access to quality education for all ages and career paths.

Rich in history, Buffalo is home to amazing architecture, restaurants, museums, and festivals that have become part of the city’s culture and tradition. Sports fans can experience the Bills, Sabres, or Bisons games while enjoying authentic Buffalo wings! Outdoor enthusiasts can take advantage of year-round activities from hiking and cycling to skiing and snowboarding at top rated ski resorts.

Whether you enjoy a night at the theater or shopping in trendy Elmwood Village, you’ll have plenty to do in Western New York. **Come visit Catholic Health and explore all that we offer.**
