Description/Qualifications: **POSITION PURPOSE**

Responsible and accountable for executive leadership and operational direction to a Regional Health Ministry (RHM) within the regional operating structure. As a member of the regional executive team, actively engages in the creation and execution of strategies that enhance Trinity Health's impact with its market area. As the accountable executive for a specific RHM, responsible for the development and implementation of strategic and operating plans that align with regional objectives, reflect community needs, achieve organizational goals and advance the philosophy, mission and vision of Trinity Health. Fosters an environment that promotes and ensures excellence in the care experience and operational efficiencies within a variety of delivery settings. As the RHM executive leader, provides leadership and guidance to the RHM senior leadership team, enabling collaborative planning, innovation and decision-making. Creates an organizational culture that celebrates diversity and a community of committed persons serving the healing ministry with focus on competencies that support values of respect, social justice, care of the poor and underserved, compassion and excellence. Ensures effective governance and establishes a participative management and engaged organizational climate that develops and maintains talent and inclusiveness within the RHM and throughout the region.

MINIMUM QUALIFICATIONS

Must possess a thorough knowledge of healthcare management principles and techniques as normally obtained through a Master's Degree in Health Administration or a related field and a minimum of ten (10) years of management experience, to include but not limited to experience as the Chief Operating Officer and/or President/Chief Executive Officer of an integrated health care entity. Advanced business and executive leadership skills to develop new or enhance existing clinical and operational strategies, business plans, policies and programs. Extensive knowledge and understanding of current health care trends and practices. Highly developed interpersonal and communication skills and business acumen. Must be able to operate effectively in a collaborative, shared leadership environment. Ability to identify, create and foster an organizational culture that is supportive of and builds upon the Trinity Health faith-based traditions and vision for a healing ministry. Must possess a personal presence that is characterized by a sense of honesty, integrity and caring with the ability to inspire and motivate others to promote the philosophy, mission, vision, goals and values of Trinity Health.
