**PLEASE NOTE:** Being in-network with an insurance carrier does not guarantee all services provided will be covered by your insurance plan. Please check with your insurance carrier to be sure the procedure you are having is covered under your plan. Make sure to tell your insurance carrier that Sterling Surgical is an outpatient ambulatory surgery center. If you don't see your carrier on the list above, please contact your physician or us, as we may be able to help coordinate out-of-network coverage, and explain any out-of-pocket expense.

Please note that if you are having a colonoscopy, there are different scenarios that may cause your insurance to process the claim differently. For example, if a biopsy is done or a polyp removed, the CPT code changes to reflect a diagnostic colonoscopy rather than a screening colonoscopy. If you have any questions, we are happy to assist you.

Sterling Surgical Center will bill you/your insurance carrier for the facility fee. Please understand that you may receive a bill from other entities in relation to your procedure performed at Sterling Surgical Center:

These amounts are set by your insurance carrier and Sterling Surgical is obligated by contract to comply with collection of fees. Payment is due on the day of procedure unless other arrangements have been made in advance. Major credit cards, Flex spending cards, personal checks, cashier's checks and cash are accepted.

While recognizing that it is your responsibility to know or find out what your insurance plan covers, we at Sterling Surgical are committed to helping you throughout the process. If you are in need of a written estimate of fees or potential charges, we will be happy to provide this upon request.
