**\*\*Above listed loan closets are able to provide equipment free of charge. If interested, please call to arrange. All patients will need a rolling walker with wheels in the front.**

If need to purchase - SJC does have rolling walkers and commodes that can be sent to your insurance for payment. Most insurances have a Co-pay for DME. Most hip patients will need a comfort high toilet or a raised toilet seat (which is not covered by insurance). A 3-1 commode would be a copay. If you would like to purchase DME prior to surgery, call Reliant 716-817-5111 to arrange.
